

**LONE PINE PHOTO
IMAGE SUBJECT DIRECTORY
JULY, 2009
CANADA AND PROVINCES**

Lone Pine Photo is a marketing agency for 60,000+ quality 35 mm and medium-format slides and 20,000+ digital images of Canada. We represent Canadian photographers who specialize in quality Canadian landscapes, scenics, wildlife, industry, agriculture, people, etc.

Our images are organized by category for easier retrieval. The following subject directory lists these categories and is designed to assist clients looking for specific subject matter. These categories are grouped as follows:

	<u>Pages</u>
1. <u>Canada</u> : National Parks	2
2. <u>Canadian Provinces</u> : Themes applicable to the province as a whole such as provincial parks, historic sites, locations and seasons	2 - 6
3. <u>General</u> : All other categories such as animals, birds, people, etc.	7 - 17

Select Edit\Find and type in "BIRDS" for example and the finder will search for the first available category containing birds. Select next to view other listings. This will assist you to view a complete listing of the types of birds that we have. You will require Adobe Reader to open these files. This software is available free of charge from: <http://get.adobe.com/reader>

We update our subject directory regularly. However, we are constantly receiving new material and adding new categories. All images are recorded in a computer database as they are labelled. If you require material that is not specifically listed in our subject directory, please contact us to discuss your needs and we'll search our database to determine if we have the necessary material in our library.

CONTACT INFORMATION:

Lone Pine Photo is located in Saskatoon, Saskatchewan. Our office hours are Monday to Friday, 9am -12pm and 1pm - 5pm CST. Please contact **Clarence Norris** by:

Phone: (306) 683-0889

Fax: (306) 384-5811..
